FEMALE CHARITABLE SOCIETY OF NEWARK.

Organized 1803—58 years ago.

This Society was formed in 1803. The object of which was to assist all, *worthy poor* females of this city, without denominational distinction, who are of good character and standing, and in need of assistance. An annual sermon has been preached by some one of our clergymen, and a collection taken in aid of the Society, which together with donations from other sources, has enabled the Society to *ameliorate*, the condition of thousands of suffering poor in this City.

The total amount received from November 14, 1859, to November 14, 1860, was - - - - - \$841 90

Whole amount expended in the same time, 629 46

And several hundred families assisted (more or less).

The last annual sermon was preached the 20th of January, 1861, in which the claims of the Society were ably, feelingly, and forcibly presented by Rev. E. P. Terhune, in the 1st Presbyterian Church, on Sunday evening.

Amount of collection, \$154 40.

From South Park Church, \$12 16.

The Society meets for the transaction of business, the last Wednesday in each month.

PROGRESSIVE GROWTH OF OUR CITY.

The following table shows the growth of our population during the last thirty-four years; in which period it appears to have grown from Eight Thousand to Seventy-Two Thousand, and that, too, by those regular gradations that indicate a sound and wholesome progress. The prosperity of the city rests upon the surest of all possible grounds—steady industry and sound morality. At the present rate of progress—and we see nothing that is likely to check it—the population must approach at least an hundred thousand within another 12 years.

FIRE DISTRICTS.

ARRANGEMENTS OF THE FIRE DISTRICTS.

The Chief Engineer of the Fire Department has recently made an arrangement of the Fire Districts, whereby more accurate information can be given by the Watchman on the Tower, and so facilitate the operations of the Department. The Districts as at present constituted, are as follows :

1st. North of the Canal, bounded by Broad and High streets, on the west side of the city.

2d. South of the Canal, bounded by Broad and High streets, on the west side of the city.

3d. South of the canal, bounded by Broad street, and Railroad Avenue, on the east side of the city.

4th. North of the Canal, bounded by Park Place, Broad street and the river, on the east side of the city.

5th. East of Railroad Avenue.

6th. South of a direct line west from the Tower, and west of High and West Broad street.

7th. North of a direct line west from the Tower, and west of High street.

To obviate all confusion and difficulty, such as has occurred hitherto, the Chief Engineer has made the following arrangement : All fires that may occur below the points mentioned in the several districts, viz :

1st District, Upper Park and James street.

2d " Hook and Ladder Co. No. 1 House.

3d " First Presbyterian Church, Mechanic and East Fair street.

4th " Rector street.

5th " Moore & Sealy Bro.'s hat factory & Elm.

6th " Court street.

7th " Orange street.

will be signalled from the Tower by a red flag in the day time, and a red light at night. When the fire is above the places mentioned, no signal will be given.

PIERSON'S

NEWARK CITY DIRECTORY,

FOR THE
86th YEAR OF AMERICAN INDEPENDENCE.
FROM 4TH JULY, 1861.

Important Observations to those using this Work.

Throughout this Directory, the Christian names of those where there are more than one of the same surname are carefully alphabetically arranged, male and female, firms, &c. In searching for a name, the inquirer must know the proper spelling. For example, a person seeking for Pirsson will not find the one sought for if he looks in the names of Pierson, or Person; so, also, for Bonnell, he should not look among the Bonnells, or Bunnels; and for Conger, not in Congar; and for Parcels, not look in Parsals, Parceils, or Parsil; nor for Hays in Hayes.

POPULATION.—I have, from the commencement of my DIRECTORY, calculated the population by the *ratio* of FOUR persons to a name, which has in *all* cases *but three* been overrun by the real population. Thus in 1830, 5,094 names and 20,376 population; the city census 19,732, being 644 short, the first time that my calculation overrun. In 1840, 4,160 names and 16,640 population; the United States census 17,202. In 1845, 5,800 names, 23,200 population; the city census 25,433. In 1857, 16,000 names, 64,000 population. In 1858, 15,936 names, 63,744 population. In 1859, 16,500 names, 66,000 population. In 1860, 18,000 names, 72,000 population. United States census, 72,055.
